# Workshop 3: Our Choices

## Aden

Aden is from Somalia and he is 3 years old. His family were forced to flee their home in Somalia because of the famine. It took 25 days to walk to a refugee camp in Kenya and sadly Aden’s mother died along the way. Aden’s father had to continue walking with Aden and his siblings. Aden was extremely dehydrated and ill on arrival - he had only a 50% chance of survival.

**“After a month of treatment, Aden’s health has improved but he still does not like to be separated from his father. I hope that one day Aden will be able to go to school.”**
